## WHO I'VE WORKED FOR

### Arizona State University Foundation

June 2014-Present

Created various branding and marketing materials for organizations and colleagues on campus. Projects were initiated by clients and guided by team creative briefs. From print estimates to prepress and press checks, projects were self-managed.

### Hattaway Creative

December 2009-June 2014

Self-managed projects that include email design, website design (HTML), Wordpress site management (PHP) and print design for local and nationwide clients including non-profit organizations. Clients include Forever Resorts, InvigorAshe, Bsquare Inc., Neighborhood Housing Services of Phoenix, and Data Migration Resources.

## MY SKILLS

I'm a self professed Mac elitist with a secret ability of being able to navigate a PC. I am also skilled in Photoshop, InDesign, Illustrator, Dreamweaver and HTML.

### EcoSigns, LLC

July 2007-February 2008

Worked in house and created car wraps, business systems, and signage for local clients.

### Spark Magazine

May 2007-July 2007

Created advertisement and marketing materials as an intern for the magazine.

### Organik Web Design

February 2007-May 2007

Designed and managed micro sites for clients as a freelancer.

### House of Photography

June 2006-November 2006

Assisted senior photographers on photoshoots and also edited and manipulated photos for clients.

## WHERE I'VE STUDIED

### Art Institute of Phoenix

January 2007-December 2009

Bachelor of Arts - Graphic Design

### University of Hawaii

August 2005-November 2006

My name is Philamer but I go by Phil. I have been designing since 2009. I am addicted to How Design Magazine and sushi. I have a sense of humour but I don't have a tolerance for lactose. I appreciate working on teams especially during a Spartan Race. Growing up I wanted to be a teacher but later discovered I wanted to be a lifelong learner instead. I don't like being micromanaged but I value being able to seek advice and working with someone that will teach me something I don't know.
